

School Supply List

Offers the ultimate destination for school supply lists across the United States for students from kindergarten to 12th grade.

What does this Plugin do?

- The School Supply List is a ChatGPT plugin designed to assist users in finding specific school supply lists for schools across the United States.
- Whether you're a parent preparing for the upcoming school year or a teacher looking to share a supply list with students, this plugin simplifies the process by providing accurate and up-to-date information.

Features

- `getSchoolSupplyList` : This command retrieves the school supply list for a specific school. You need to provide the school name, city, state (in 2-letter format), and zipcode (in 6 digits format).
- `getSupplyListDetails` : This command provides the details of a specific school supply list, including the list of items required. You need to provide the slug of the list obtained from the previous command.

Example prompts

Prompt 1:

"Can you help me find the school supply list for my child's school in New York City?"

Prompt 2:

"I need to find the specific school supplies required for my child's elementary school in Atlanta."

Prompt 3:

"What are the items on the school supply list for high schools in Los Angeles County?"

Prompt 4:

"Can you assist me in finding the school supply list for my kid's middle school in Houston?"
